

HOME VISITING IN ILLINOIS FY 2020

July 2021

Prepared by the Illinois Early Childhood Asset Map (IECAM)

Dawn V. Thomas, PhD

Keith Hollenkamp

Geoff Boise

HOME VISITING REPORT FY2020

Compiled by the Illinois Early Childhood Asset Map (IECAM), this report is a joint effort of the major funders of home visiting in Illinois for the state Fiscal Year 2020 (July 1, 2019 through June 30, 2020). The tables and charts on the following pages summarize data for the following major public funders of home visiting:

- **Illinois State Board of Education (ISBE) Prevention Initiative (PI).** The PI program receives funding from an infant/toddler set-aside from the Early Childhood Block Grant (ECBG), targeted at 20%. Prevention Initiative funds are distributed to eligible applicants on a competitive basis. Eligible entities include public school districts, university laboratory schools approved by ISBE, charter schools, area vocational centers, and public or private not-for profit or for-profit entities with experience in providing educational, health, social, and/or child development services to young children and their families. Chicago Public Schools receive 37% of the ECBG to provide services within the city, per the Illinois School Code.
- **Early Head Start/Head Start Home-based (EHS/HS).** For the purposes of this report, Head Start data has *not* been included. EHS is based on cumulative enrollment and includes the total number of children served *and* pregnant women. These data cannot be separated: (1) services for children and pregnant women are fully integrated and (2) separating the data would impact other data elements. Please note that for some data elements, EHS is reporting the same numbers for FY20 as FY19.
- **Illinois Department of Human Services Healthy Families Illinois (IDHS HFI).** HFI programs use the Healthy Families America (HFA) model. HFI providers formerly utilized the Cornerstone system for recordkeeping and reporting and are now using the Visit Tracker data system.
- **Maternal, Infant, and Early Childhood Home Visiting (MIECHV).** Administered by IDHS, this federal program serves priority populations in targeted communities (<https://mchb.hrsa.gov/maternal-child-health-initiatives/home-visiting-overview>).
- **Start Early.** These programs include IDHS Parents Too Soon and any other publicly funded home visiting programs not already included in the above data sets.

This report also includes separate sections with self-reported data from the following:

- **City of Chicago Department of Family and Support Services (DFSS) funded home visiting programs.** As described above, ISBE annually provides early childhood block grant (ECGB) funds to Chicago Public Schools, which then allocates funding to DFSS for early care and education programming, including home visiting. DFSS also provides home visiting services through a Head Start and Early Head Start grant award.

- **Privately funded Nurse Family Partnership® (NFP) home visiting programs.** In recent years, there have been increased levels of private funding to support NFP programs in Illinois.

The home visiting system in Illinois is complex and diverse. Multiple funding streams and numerous state, federal, and model requirements have resulted in varying data collection policies and the use of several different data management systems across programs, models, and funders in Illinois. These variations make it difficult to aggregate home visiting data, and some numbers may have been estimated. When necessary, notes have been provided to provide clarity to the summarized data.

Table 11	Federal Poverty Level
Table 12	Selected Economic Indicators
Table 13–19	Department of Family and Support Services (DFSS)
Table 20–23	Privately Funded Nurse Family Partnership (NFP)

Summary of Select Elements

Funding. Table 1 indicates a slight increase in funding for publicly funded home visiting programs across the state.

Completed Home Visits. During this pandemic year, home visits (Table 2) were handled primarily virtually. The numbers displayed may indicate an increase in home visits that had been completed but need to be taken in the context of the COVID-19 pandemic. IDHS Healthy Families Illinois (HFI) saw a dramatic increase of over 80% from FY19 to FY20.

Children Served. The total number of target children (Table 3) served did increase, albeit by under 5%. IDHS HFI reported an increase of 54% children served during FY20. As seen in Table 6, 32% of children were reported as being of Hispanic/Latino ethnicity. For race, about 45% of children were reported as White, and another 36% as Black or African American. Eleven percent were reported as more than one race, with 3% as Asian. (*Note that people who identify as Hispanic/Latino can be of any race.*)

Primary Caregivers Served. The number of primary caregivers served (Table 7) increased, with IDHS HFI reporting an increase of approximately 45%. Age and race/ethnicity are presented in Tables 8 and 9, with educational attainment shown in Table 10. It indicates the number and percentage of caregivers with less than a high school diploma and those enrolled in a GED program or in high school at the time of enrollment.

Note: HFI providers have utilized the Cornerstone system for recordkeeping and reporting until the end of 2020. For the years leading up to FY20 there were concerns about the quality of data coming from Cornerstone. IDHS collected FY20 data through direct surveys of providers. This may provide an explanation for the dramatic increase in the numbers of completed HFI home visits, children served, and primary caregivers served between FY19 and FY20.

Home Visiting Report, FY20

Each of these tables and charts includes data directly from each data source (e.g., IDHS, ISBE) for fiscal years 2015 through 2020 (unless otherwise noted). Notes are included to refer the reader to either introductory remarks or clarifying information about the data.

Table 1. Total Funding for Home Visiting Programs, FY15-20

Funder	FY15	FY16	FY17	FY18	FY19	FY20
ISBE	31,092,090	56,910,065	68,552,785	53,797,622	65,893,425	68,252,181

IDHS	9,500,000	8,115,146	9,761,477	10,040,000	10,040,000	10,040,000
MIECHV	9,088,147	12,415,508	8,618,334.00	8,618,833	8,107,541	9,461,228
Start Early	5,949,309	8,604,899	9,962,003	5,647,290	9,318,338	9,474,793
TOTAL	90,918,365	133,002,595	134,705,609	124,932,038	140,462,831	144,331,729

Notes:

The ISBE and MIECHV totals includes funding for infrastructure activities, including professional development supports (mental health consultation, technical assistance, and monitoring). Funding amount for MIECHV FY19 has been updated.

This table includes an estimated EHS funding total of 46% for HV services in EHS only and includes pregnant women.

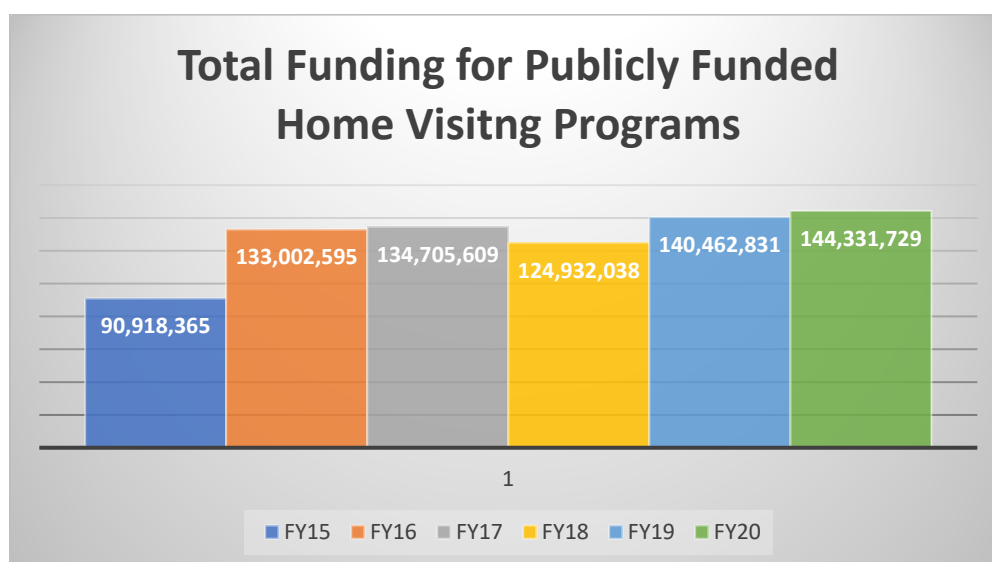

Table 2. Number of Completed Home Visits, FY15-20						
Funder	FY15	FY16	FY17	FY18	FY19	FY20
ISBE	110,772	108,156	112,835	128,448	142,303	167,673
EHS/HS	207,936	198,398	222,240	213,210	172,730	172,730
IDHS	35,445	26,605	ND	16,276	4,361	23,150
MIECHV	13,477	12,745	12,148	9,765	12,456	11,895
Start Early	19,972	23,276	7,869	11,117	12,300	13,968
TOTAL	387,602	369,180	355,092	378,816	344,150	389,416

Note:

IDHS HFI providers have utilized the Cornerstone system for recordkeeping and reporting until the end of 2020. For the years up to FY20 there were concerns about the quality of data coming from Cornerstone. IDHS collected FY20 data through direct surveys of providers. This may provide an explanation for the difference in numbers of completed HFI home visits between FY19 and FY20.

Table 3. Total Number of Target Children Served, FY15-20						
Funder	FY15	FY16	FY17	FY18	FY19	FY20
ISBE	10,936	10,183	11,414	10,057	13,231	13,464
EHS/HS	4,374	5,966	5,248	5,752	5,455	5,455
IDHS	2,291	1,865	1,227	1,731	644	1,412
MIECHV	894	982	1,064	811	995	876
Start Early	980	697	524	844	861	939
TOTAL	19,475	19,693	19,477	19,195	21,186	22,146

Note:

IDHS HFI providers have utilized the Cornerstone system for recordkeeping and reporting until the end of 2020. For the years up to FY20 there were concerns about the quality of data coming from Cornerstone. IDHS collected FY20 data through direct surveys of providers. This may provide an explanation for the difference in numbers of HFI children served between FY19 and FY20.

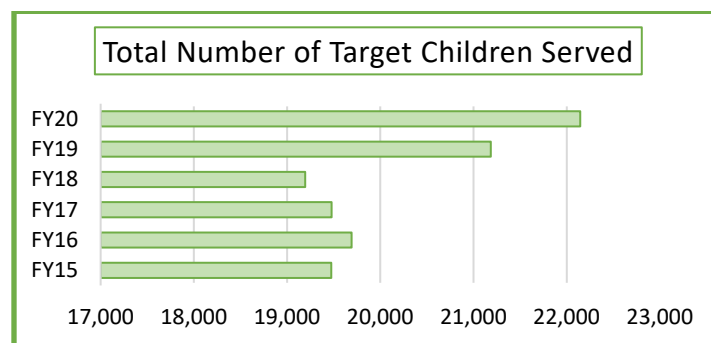

Table 4. Total Number of Programs and Target Children Served by Models, FY20

Funder	PAT		EHS/HS		HFA		Baby TALK		Other		NFP		TOTAL	
	N	Children	N	Children	N	Children	N	Children	N	Children	N	Children	Programs	Children

Total	105	9,054	41	5,491	62	2,753	59	4,190	3	537	2	121	272	22,146
Percent		41%		25%		12%		19%		2%		<1%		100%

Notes:

N = Number of programs; PAT = Parents as Teachers; HFA = Healthy Families America; NFP = Nurse Family Partnership

EHS includes 627 pregnant women.

The MIECHV data system reports households by model but does not calculate children by model. In order to obtain the number of target children by model, model was assigned based on the P-code (program code) since each program has one model and one P-code.

Table 5. Age of Target Children, FY20

Funder	Target Children Age				Total
	Under 1 year	1-2 years	3-5 years	Unknown	
ISBE	3,985	7,574	0	1,905	13,464

City of Chicago Department of Family and Support Services (DFSS)

The Chicago Department of Family and Support Services (DFSS), through the Children Services Division, is dedicated to helping Chicago’s youngest residents make the most of their lives and potential. DFSS manages Head Start, Early Head Start, child care, and youth programs throughout Chicago to ensure families receive quality programming (<https://www.chicago.gov/city/en/depts/fss/provdrs/child.html>). ISBE annually provides early childhood block grant (ECGB) and Prevention Initiative funds to Chicago Public Schools, which then allocates funding to DFSS for early care and education programming.

The following data are self-reported by DFSS. These data may not match the data that are reported in the ISBE Student Information System (SIS) due to the multiple funding streams included.

Nurse-Family Partnership® (NFP)

Nurse-Family Partnership® (NFP) is privately funded. The purpose of NFP is to work with first-time mothers and their children by providing the support of a registered nurse (see the Annual Report 2020 at <https://www.nursefamilypartnership.org/about/annual-report-2020/>)

Table 20. Home Visiting, FY20
