IDEC Transition Updates

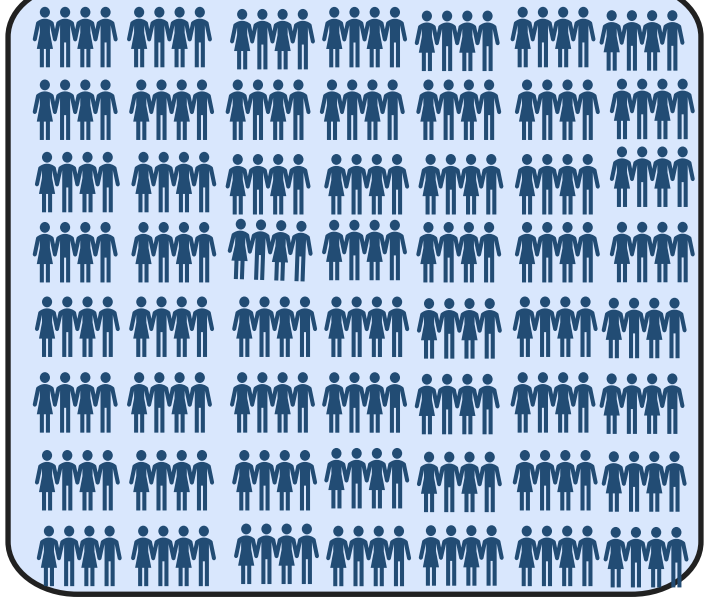

1 Day!

ON TRACK | Ready for Launch!

	Objectives	Status
Technology Transition	Some tech applications require additional attention for a smooth transition. Mitigations are in place.	✓
Grants Management System	Actively shifting from ISBE and DHS to state preferred system, Euna/Amplifund; Preliminary success but some system slowness	✓
Federal Approval Process	Five impacted programs; 1 approved, 3 request submitted, and 1 will be submitted in Aug (per HHS guidance). Have a plan to mitigate this risk with DHS and GOMB (i.e., subgrant authority).	✓

IDEC

IDEC has grown since 2024!

July 1, 2024	July 1, 2025	July 1, 2026
		

IDEC is inheriting a wealth of expertise which will help unify and align early childhood programs and services for children, families, and providers.

Frequently Asked Questions for Day 1

Q. Do parents need to fill out a new application or form to access services or programs?

A. No, parents will continue to access services as normal following the transition.

Q. Will I get paid on time?

A. Yes, providers will continue to be paid in the usual timeframe and course of business during the transition of early childhood programs to IDEC. Grants must be complete in EUNA and IDEC will continue to use Child care Case Management System (CCMS)

Q. Who should I contact about my grants?

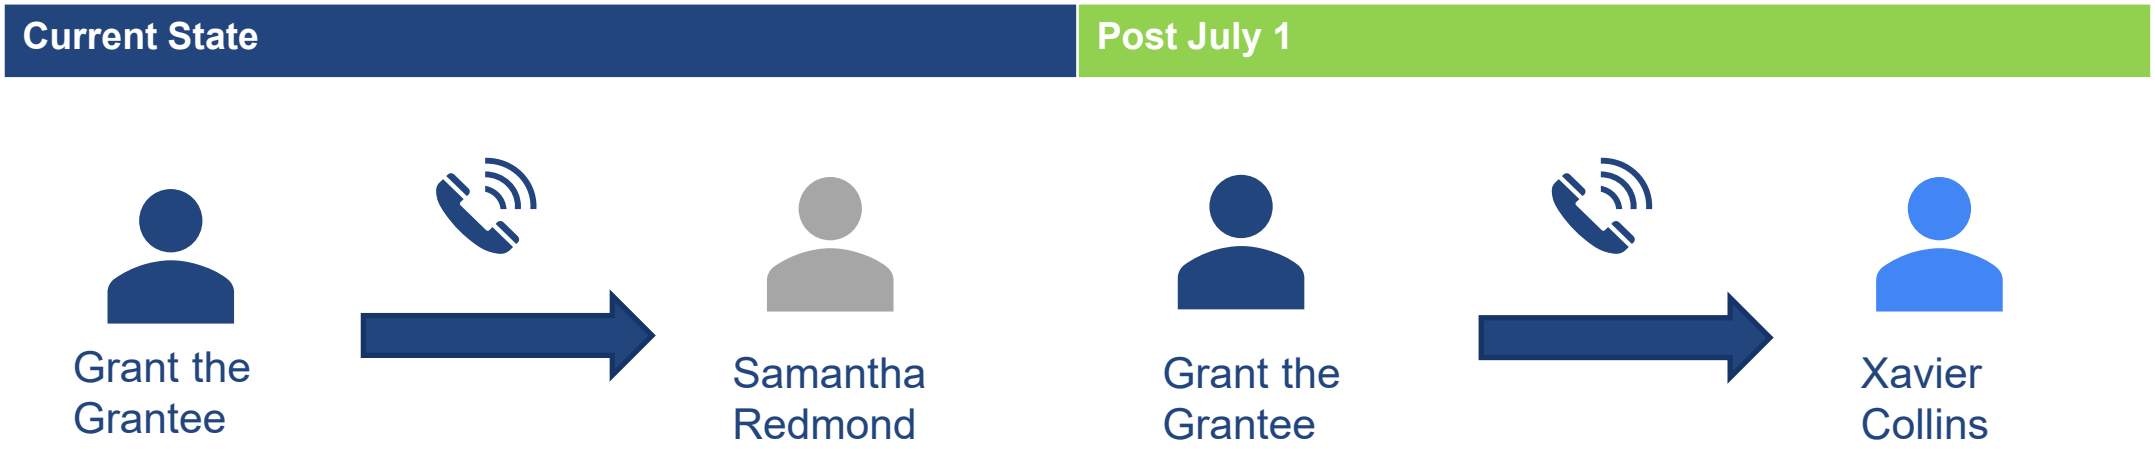

A. Your main point of contact remains the same (unless otherwise notified). IDEC Staff can be contacted at Questions.IDEC@illinois.gov. Our customer support team will provide answers to your questions or get you to the right place. Visit https://idec.illinois.gov/about/grants.html for more information.

La sección de preguntas frecuentes en español estará disponible en unos días.

IDEC

External stakeholder points of contact are shifting in some places

Any shifts in grants or contacts point of contact will be communicated to external partners and there will be a "no wrong door" approach. **Please continue to reach out to your current point of contact unless you hear otherwise**. If ever unsure, you can always contact us at Questions.IDEC@illinois.gov

IDEC

IDEC will accept and honor old and new forms

For Website + Forms Questions:
questions.idec@illinois.gov

There are over 300 "base" forms identified for review and/or revisions from ISBE, IDHS-DEC, and DCFS. We are in the process of transitioning them to IDEC and adding them to the website.

In order to support a smooth transition, **IDEC will accept and recognize both the current forms and the new forms during this transitional period.**

This means:

- Families, Providers, and Grantees **may continue using existing forms and documentation.**
- Naming conventions will change iteratively, with forms keeping their current name/number scheme on the first revisions coming from IDEC.
- **This process will remain flexible as we move forward.**

Our goal is to keep the transition simple and practical, reduce administrative burden, and ensure stakeholders can access services, programs and meet standards without interruption.

ILLINOIS DEPARTMENT OF EARLY CHILDHOOD

Questions.IDEC@illinois.gov is the best first contact for new external inquiries

- Customer Service's role is to ensure parents, providers, and other stakeholders receive accurate information in a timely manner.

- DHS and DCFS employee emails will remain the same when staff transfer to IDEC
  - Note: ISBE staff who transfer to IDEC will have new "illinois.gov" accounts created at IDEC

- Shared email inboxes from transferring agencies will still function, but will not be promoted. Emails from transferring agencies will be routed to CS inbox / email starting July 1. Here are some examples:
  - dhs.dec.info@illinois.gov
  - DCFS.DII@Illinois.gov
  - Earlychi@isbe.net

FY27 Budget Summary

- $55 million **increase** for Child Care Assistance Program (CCAP).
- $15 million **increase** for Early Intervention, to maintain and improve program services and infrastructure
- $500 thousand increase for Home Visiting, to partially offset the reprioritization of federal funds. This program will remain at current overall funding level.
- $650 thousand for the All Our Kids network, to partially offset the reprioritization of federal funds. This program will remain at current overall funding level.
- $1.0 million increase for Migrant Day Care Services, to ensure IDEC can fully spend federal grant funds. This program will remain at current overall funding level.

FY27 Budget Statement can be found on our website: Home > About > Newsroom

Approved budget creates new milestone for families and early childhood providers in Illinois

FY2027 Smart Start Workforce Grants: Round 1

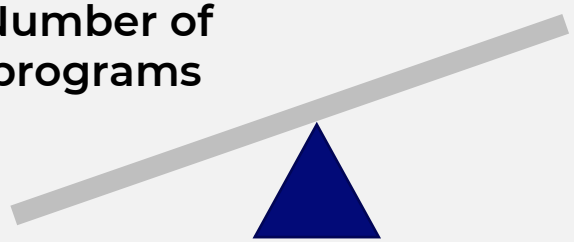

Based on FY2026, we anticipated higher demand for grants than available funding. Of the few allowable options to manage this, the Ad Hoc Advisory, IDHS, and IDEC agreed eliminating limited waivers was the best and more equitable option to manage spending.

Limit participation

through first come, first served

Funds per program

Number of programs

Fund all classrooms regardless of enrollment, not all eligilble applicants will be funded

No limited waivers

Number of programs

Funds per program

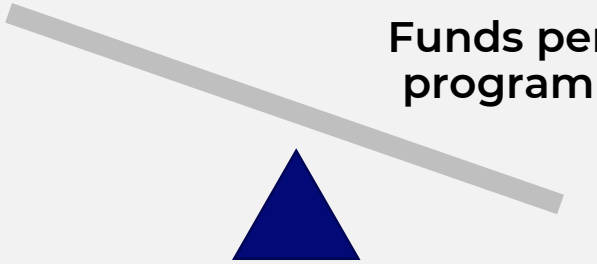

All eligible applicants funded for classrooms meeting enrollment minimum

Reduce award size

Number of programs

Funds per program

Potential grant size reduction for all eligible applicants

FY2027 Smart Start Workforce Grants: Round 2

Round 1:

- Smart Start Workforce Grants exceeded anticipated demand.
- Only eligible programs were funded, and we did not approve limited waivers.

Round 2:

- No new applications for Smart Start Workforce Grants will be considered – only those eligible in Round 1.
- No limited waivers will be provided for those classrooms not meeting eligibility requirements.
- Providers that continue to be eligible from Round 1 may not request funding at a rate not higher than Round 1. No new classrooms may be added.
- Non-traditional hour classrooms will continue to be funded at the base rate.

It's unlikely new providers will be eligible in Round 3 or Round 4. If funding is available, it will likely be on a first come, first served basis.

Technology

ICYMI: June Tech Talk Recap

Access to applications will be maintained regardless of state or vendor management

Staff Contacts and Emails: Staff points of contact remain the same unless notified otherwise. Transferring DHS and DCFS employee emails will remain the same upon transfer. Staff transferring from ISBE will have new @illinois.gov accounts created at IDEC. Shared email inboxes from transferring agencies will still function, but will not be promoted.

Website: Pages from transferring Agencies are migrating or consolidating. Updated hyperlinks to legacy agency content of Sunshine Page, IL Cares for Kids, etc.

Forms: IDEC will accept and recognize both the current forms and the new forms during this transitional period.

IOC SAMS Transition: July 4th **Holiday and IOC SAMS Transition may cause minor CCAP Payment Delay.** IOC tech team is working on a solution for VPN access to SAMs and developed FAQs for the IOC SAMS Transition for CCR&RS.

Upcoming Tech Talks: July - None Scheduled – adjusting for the transition; Resume Tech Talks – August: Focus IDEC Data Hub, Dates TBD

Legislation

Quick Reminder: Legislative Process

A bill becomes a law when it passes both houses of the General Assembly with a majority vote in each house and is signed by the governor. Bills have different effective dates and may require rulemaking.

Bill Signing Update!

- Licensing Redesign is signed into law!
- New license exemption structure becomes effective July 1, 2027 for child care providers and becomes effective July 1, 2028 for parks.
- Changes in terminology are effective in statute on July 1, 2026.
- Background check changes will not go into effect until July 1, 2027

Bill Signing Update!

- Licensing Redesign is signed into law!
- New license exemption structure becomes effective July 1, 2027 for child care providers and becomes effective July 1, 2028 for parks.
- Changes in terminology are effective in statute on July 1, 2026.
- Background check changes will not go into effect until July 1, 2027

We know that the background checks process continues to be a pain point, so we are taking additional steps to help address short and long term challenges

- **In addition to passing the Licensing Redesign bill, we advanced Background Checks Transition (**HB5099) to ensure IDEC has the authority to oversee EC background checks. (July 1, 2027). (Seeking necessary federal and state approvals now!)
- Investing in **operational improvements** to ease burden and improve efficiencies
  - New digital authorization form (2027)
  - (External) Instant notifications for results and cleared individuals end up in IDEC system (2027)
  - (Internal) Results and records stored in IDEC system (2027)
  - Mobile fingerprinting (Coming soon)
- Adding **additional capacity at DCFS with IDEC headcount** dedicated to early childhood backgrounds checks (ASAP)

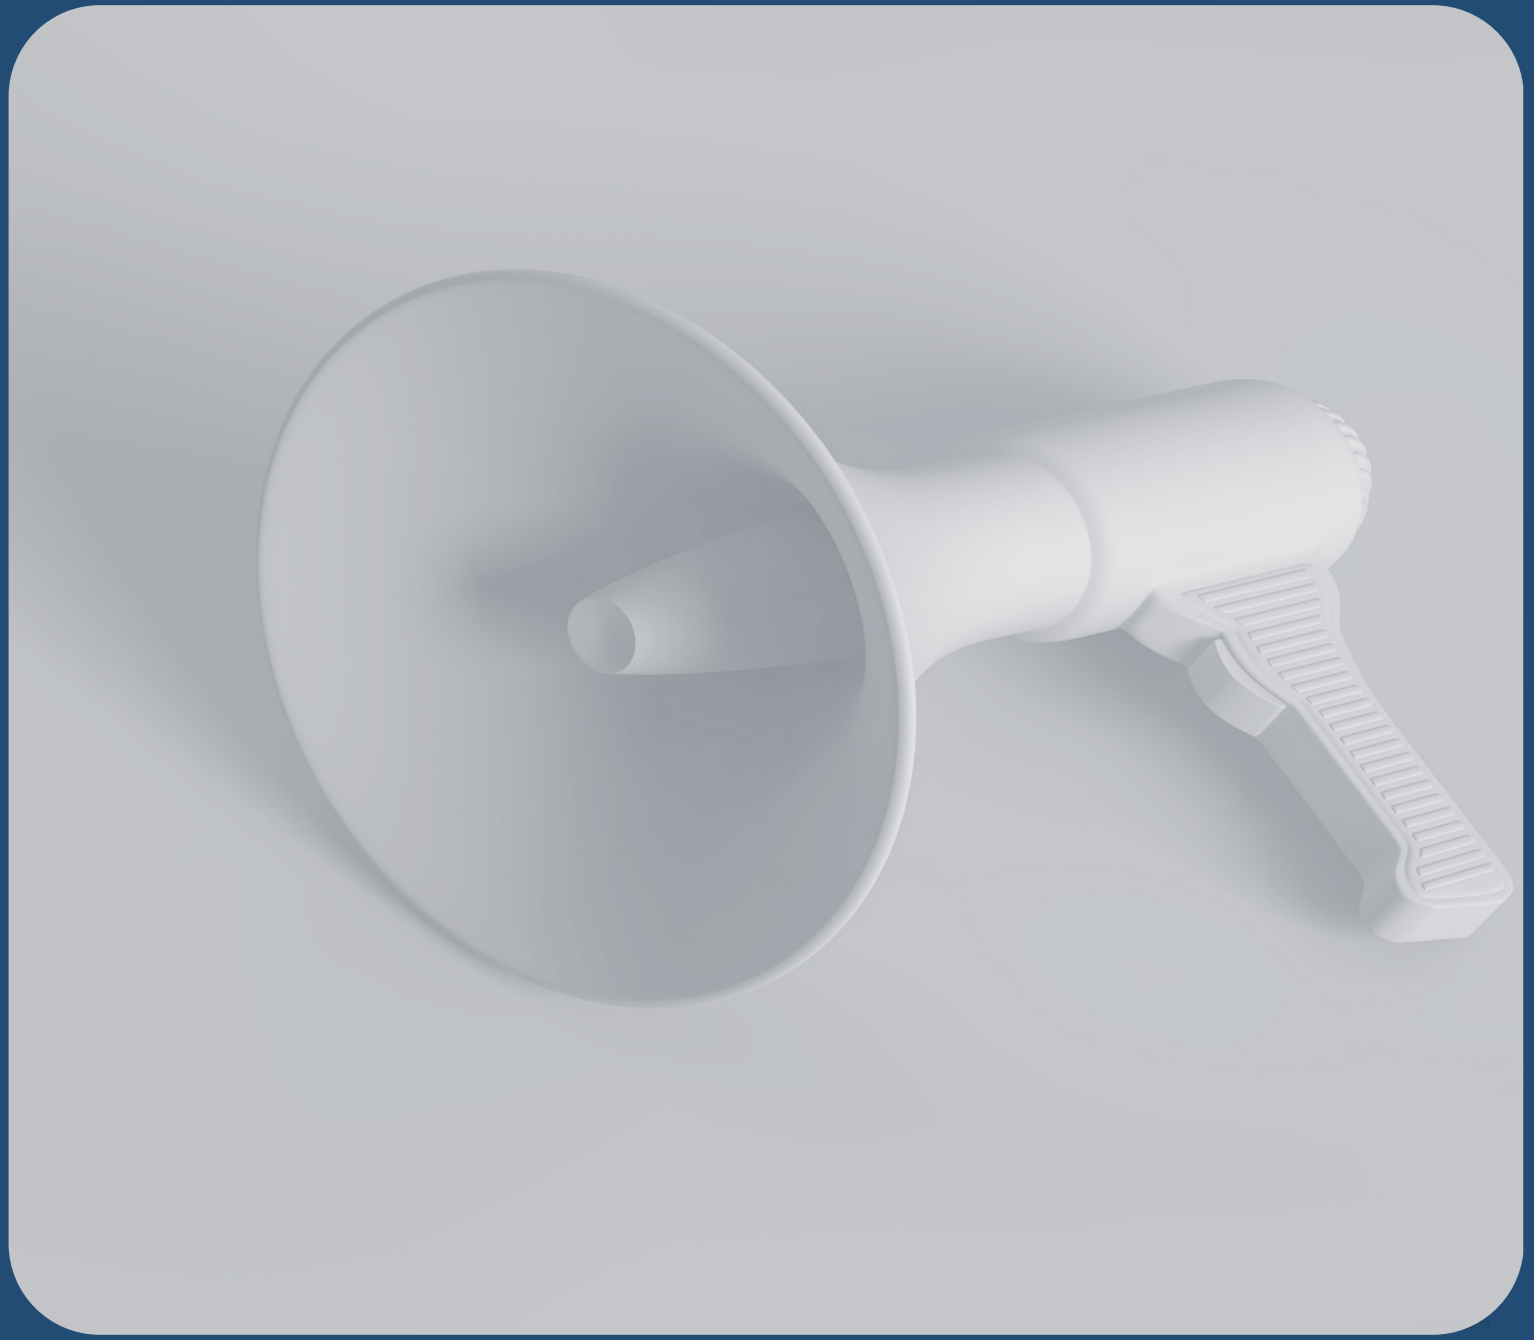

Areas needing additional clarity: HB2190: Child Care Licensing First Aid

- **HB 2190 (Sen Hills/Rep Mason) is Sent to the Governor**
  - Provides that early care and education settings should have on their premises 2 non-administrative staff members certified in first aid, Heimlich maneuver and cardiopulmonary resuscitation (certified by the American Red Cross or other organizations).
  - Approved no later than 90 days after employment.
  - **There are questions re: drafting and if the intent of the language and whether is matches what is in the bill. We are in the process of clarifying this.**
  - IDEC will provide ongoing communications and engagement on HB2190 post July 1

If signed, HB 2190 will not go into effect until **January 1, 2027**
